AVR 2000VA 8% SLIM VOLTAGE STABILIZER [STANDING/WALL-MOUNTED]

REGULAR RANGE

PRODUCT CODE
5AVRZS2000

EAN
5904100451999

CATEGORY
Voltage stabilizers and converters

SUBCATEGORY
AVR SLIM 8% single-phase mains voltage stabilizers

ABOUT THE PRODUCT

The AVR 2000VA 8% SLIM mains voltage stabilizer combines the functions of a voltage regulator and a surge protection device. It automatically increases excessively low mains voltage and decreases excessively high mains voltage, helping to maintain the correct power supply level for connected devices.

W the safe voltage value is exceeded, the stabilizer disconnects the device from the mains, protecting it against damage. It also suppresses interference introduced into the electrical grid by other devices and operates with power generators.

AVR 2000VA 8% SLIM is designed for use with computer systems, servers, routers, modems and network components, as well as consumer electronics equipment, including audio amplifiers and mixers, loudspeakers, musical equipment, televisions, stereo systems, CD-DVD players and AV receivers.

The modern, compact design allows the stabilizer to be used in small and large spaces. The device is suitable for wall mounting.

TECHNICAL SPECIFICATIONS

Electrical specifications	**Apparent power**	2000 VA
	Input voltage range	140 - 260 V AC
	Input frequency	50 Hz / 60 Hz
	Output voltage	230 V
	Output voltage accuracy	± 8%
	Delay time	180 s / 6 s
	Efficiency	0,98

TECHNICAL SPECIFICATIONS - CONTINUED

Protections and operating environment	**Protection types**	Overload, undervoltage, overvoltage, overtemperature, short-circuit (fuse)
	Operating temperature	0°C ~ 40°C
	Storage temperature	-15°C ~ 45°C
	Construction	Wall Mounted (wall mounting)
Overall dimensions and weight	**Device dimensions after 2026**	117*197*90 mm
	Device dimensions up to 2026	272 x 162 x 65 mm
	Net weight	3,1 kg (± 3%)
	Dimensions of individual packaging	270*160*140 mm
	Weight of individual packaging	3,1 kg (± 3%)
