VP-3000 230V ↔ 110V (3000VA) VOLTAGE CONVERTER + SOFT-START

REGULAR RANGE

PRODUCT CODE
5K230110300

EAN
5903760240417

CATEGORY
Voltage stabilisers and converters

SUBCATEGORY
VP 110V/230V/110V voltage converters

ABOUT THE PRODUCT

The universal VP-3000 230V ↔ 110V (3000VA) voltage converter enables the reduction of AC voltage from AC-230V to AC-110V or the increase of AC-110V to AC-230V. It is suitable for powering devices from the USA and Japan. The output voltage is 120 AC in accordance with current US standards, and its value depends on the input voltage.

The device is equipped with a toroidal transformer and a SOFT-START function. The metal housing with a convenient handle is resistant to mechanical damage, while the grounded input and output increase operating safety.

The converter can power, among other things, chargers, shavers, players, household appliances such as the Kitchen AID Artisan food processor, and power tools, including saws, drills, grinders and screwdrivers.

TECHNICAL SPECIFICATIONS

Electrical specifications	**Total power (momentary)**	3000 VA
	Input voltage	230 VAC or 110 VAC
	Output voltage	110 VAC (120 VAC according to current US standards) or 230 VAC
	SOFT-START function	Yes
Equipment and Connectors	**Output sockets (GWY)**	4x GWY
	Power cable	None (requires connection by the user)
Overall Dimensions and Weight	**Device dimensions**	285 x 190 x 201 mm
	Net weight	10,2 kg
	Individual package dimensions	360 x 240 x 260 mm
	Individual package weight	10,9 kg
