RACKUPS 850VA/480W 1×9Ah UPS [RACK]

REGULAR RANGE

PRODUCT CODE
5UTRA85019

EAN
5903111886929

CATEGORY
Backup power supply

SUBCATEGORY
RACK backup power supplies UPS (computer UPS units with battery)

ABOUT THE PRODUCT

RACKUPS 850VA/480W 1×9Ah UPS [RACK] is a backup power supply designed to provide uninterrupted power to computers and network devices. Manufactured in the RACK 19" 2U standard, its compact design makes it suitable for small and medium-sized server cabinets.

The device uses Line-Interactive technology and an AVR module that stabilises the mains voltage and protects connected devices against sudden voltage surges. The microprocessor-based control system ensures rapid switching to battery power in the event of a voltage failure. The cold-start function enables the UPS to be started without a direct connection to the mains AC.

The UPS is equipped with a maintenance-free battery AGM 12V / 9Ah, a clear display LCD, two power sockets 230V and three computer sockets 230V. Mounting brackets enable installation in a telecommunications cabinet.

TECHNICAL SPECIFICATIONS

General Parameters	**Continuous power**	480W
	Total power (instantaneous)	850VA
	Transfer time	Average 2-6ms, max 10ms
Input Parameters (Mains)	**Input voltage**	230VAC
	Input voltage range	140 - 300 VAC
Output Parameters (AC)	**Output voltage tolerance**	± 10%
	Voltage waveform	Approximated sine wave
Battery and Charging	**Battery type and quantity**	12V / 9Ah x 1
	Charging time	6 hours of charging to 90% of nominal capacity

TECHNICAL SPECIFICATIONS - CONTINUED

Operating environment	**Humidity / temperature**	0-90% RH / 0 - 40°C
	Generated noise	< 40dB
General Data and Installation	**Device dimensions**	310 x 438 x 87 mm ±1-2mm (standard RACK 19" 2U)
	Net weight	8,5 kg
	Unit packaging dimensions	495 x 395 x 202 mm
	Unit packaging weight	9 kg
