ABOUT THE PRODUCT

TERMO GLASS PRO 2000W Wi-Fi SMART BLACK ELECTRIC HEATER is a slim heating panel with a black glass front, designed for use in various rooms. The construction takes up little space, and the device can be wall-mounted or placed on the floor.

The heater is equipped with an X-shaped aluminium heating element and a touch control panel with an intuitive interface. The available operating modes include Comfort, Eco and frost protection, while the digital thermostat enables temperature setting in the range from 5°C to 50°C.

Connection to the Wi-Fi network allows the device to be controlled using the Smart Life app, including when away from home. The heater is also compatible with Amazon Echo and Google Home. A remote control, timer, child lock, and heating schedules and scenarios available in the app are also provided.

W the set includes wall-mounting brackets and feet for freestanding placement.

TECHNICAL SPECIFICATIONS

Electrical specifications	**Maximum power**	2000 W (in Eco mode: 1000 W)
	Voltage and frequency	230 V, 50/60 Hz
	Standby power consumption	0,00089 kW
