ABOUT THE PRODUCT

BLACK 2500W [11 FIN] LCD OIL-FILLED ELECTRIC RADIATOR is an oil-filled electric radiator with an elegant design inspired by vintage interiors from the 50., 60. and 70. centuries. Thanks to its compact dimensions, it is suitable for both small and large rooms.

The appliance provides pleasant, silent heat and does not dry out the air. Once heated, it remains warm for a long time even after being disconnected from the mains. User comfort is ensured by 3--stage heating power adjustment, an insulated handle and an electromechanical thermostat.

The radiator is equipped with overheating protection.

TECHNICAL SPECIFICATIONS

Electrical specifications	**Maximum power**	2500 W
	Voltage	220-240 V
	Power adjustment	3--stage heating power adjustment
Operating features and construction	**Radiator type**	Oil-filled, 11 fins
	Control	Electromechanical thermostat
	Protection	Overheating protection
	Additional features	Insulated handle, silent operation, does not dry out the air in the room
Dimensions and logistics	**Radiator dimensions**	460 x 245 x 625 mm
	Net weight	10,8 kg
