## ABOUT THE PRODUCT

KASZUB 270 is an inflatable boat with a length of 270 cm, designed for a maximum of 3 adults and 1 child. The construction ensures stability and provides space for transporting equipment, baiting and landing fish.

The hull is made of reinforced 1000D fabric (polyester mesh), resistant to mechanical damage, UV radiation and abrasion. Reinforced bottom sections and side protective strips provide increased protection for the construction. The V keel facilitates steering, improves directional stability and allows the boat to be used with an engine, including in waves.

The inflatable boat is equipped with aluminium floor panels, a 1 seat (bench), a pair of aluminium oars, a foot pump, a repair kit and a carrying bag. The maximum load capacity is 450 kg, and the maximum engine power is 10 HP (HP). The recommended operating pressure for the side chambers (1-3) is 0,25 bar, while the keel (4) pressure is 0,2 bar.

## TECHNICAL SPECIFICATIONS

| | | |
|---|---|---|
| **Operating features and construction** | **Material** | Reinforced 1000D fabric (polyester mesh) |
| | **Number of persons** | 3 + 1 (e.g. 3 adults + 1 child) |
| | **Maximum load capacity** | 450 kg |
| | **Maximum engine power** | 10 HP (HP) |
| | **Recommended operating pressure** | Side chambers (1-3): 0,25 bar / Keel (4): 0,2 bar |
| | **Set contents** | 1 seat (bench), aluminium floor panels, pair of aluminium oars, foot pump, repair kit, carrying bag |
