ABOUT THE PRODUCT

JEZIORAK 330 is an inflatable boat with a length of 330 cm, designed for demanding boaters sailing on large bodies of water. The well-thought-out design ensures stability and space for transporting equipment, baiting and safely landing fish.

The hull is made of reinforced 1000D fabric (polyester mesh), resistant to mechanical damage, UV radiation and abrasion. Reinforced bottom sections and side protection strips provide increased structural protection. The inflatable boat is equipped with a V keel, which facilitates steering, improves directional stability and enables safe operation with an engine, including in waves.

The W set includes 2 seats (benches), aluminium floor panels, a pair of aluminium oars, a foot pump, a repair kit and a transport bag.

TECHNICAL SPECIFICATIONS

Operating features and construction	**Material**	Reinforced 1000D fabric (polyester mesh)
	Number of persons	5 + 1 (e.g. 5 adults + 1 child)
	Maximum load capacity	620 kg
	Maximum engine power	15 HP (HP)
	Recommended operating pressure	Side chambers (1-3): 0,25 bar / Keel (4): 0,2 bar
	Included equipment	2 seats (benches), aluminium floor panels, a pair of aluminium oars, a foot pump, a repair kit, a transport bag
