TURBO-T 80 12V ELECTRIC BOAT MOTOR [BRUSHLESS MOTOR, AGM/GEL/LiFePO4]

REGULAR RANGE

PRODUCT CODE
3ZSIL80LBS

EAN
5904100451814

CATEGORY
Motorized watercraft equipment

SUBCATEGORY
Electric boat motors (outboard)

ABOUT THE PRODUCT

Turbo T 80 12V is a brushless outboard electric boat motor designed for use with deep-cycle lead-acid batteries, AGM, GEL or LiFePO4. The motor enables quiet movement and operation in relatively shallow water.

The motor is controlled using a telescopic tiller with smooth adjustment of speed and forward or reverse travel direction. The tiller can be extended by 20 cm, and the handle position, shaft height and motor tilt angle can also be adjusted. The built-in LED display indicates the current battery voltage.

The shaft is made of reinforced composite resistant to impact and deformation. The motor is equipped with a durable three-blade propeller and features that facilitate quick and easy installation. The recommended battery capacity is 100Ah or more.

TECHNICAL SPECIFICATIONS

Electrical specifications	**Supply voltage**	12 V DC
	Maximum current	70 A (±3%)
	Maximum motor power	840 W (±3%)
	Recommended power supply	AGM, GEL, LiFePO4 batteries by VOLT Polska with a capacity enabling delivery of current from approx. 15 A to 75 A

TECHNICAL SPECIFICATIONS - CONTINUED

Operating features and construction	**Motor type**	Brushless
	Motor thrust	80 LBS
	Speeds (number of gears)	Smooth, stepless forward and reverse speed adjustment (automatic)
	Propeller	Three-blade
	Control	Telescopic steering tiller (extendable by 20 cm) with speed and direction adjustment; adjustable handle position, shaft height and motor tilt angle
	Display	LED (indicates the current battery voltage)
	Shaft height	81 cm
	Shaft material	Reinforced composite (resistant to impact and deformation)
	Application	Motorboats, fishing boats and sailing boats (for use exclusively in fresh water in relatively shallow water)
Dimensions and logistics	**Net weight**	8,1 kg
	Dimensions and weight of the individual package	113 x 38 x 18 cm / 10,5 kg
