ABOUT THE PRODUCT

GARDEN PRO 100 is a kit for automatic irrigation of gardens, plants and lawns. It enables simple adjustment of watering time and frequency, as well as manual activation of irrigation using a button. The controller is equipped with a clear LCD display, a waterproof and UV-resistant housing, and a contamination filter.

The kit includes a GARDEN PRO-100 controller, a 20 m-long water hose, adjustable tips for sprinkling, drip irrigation and misting, as well as connectors, T-junctions, hose fixing stakes, end caps, a quick connector and Teflon tape. The adjustable tips allow the irrigation method to be adapted to the plants' needs.

The kit is quick and easy to install. The controller is powered by 2 AA 1,5 V batteries, which are not included in the kit.

TECHNICAL SPECIFICATIONS

Electrical Parameters and Power Supply	**Controller power supply**	2 AA batteries 1,5V (not included)
Operating features and construction	**Irrigation time**	From min. 1 minute to max. 300 minutes
	Irrigation repetition	Every 6/12 hours or 1-7 days
	Operating pressure	Min. 25 PSI - max. 100 PSI
	Manual mode	Yes, button-controlled
	Tap inlet connection	3/4 inch with contamination filter
	Hose outlet connection	3/4 inch
	Kit contents	1x automatic garden irrigation controller, 1x 20-m water hose, 10x adjustable / mist atomizer tip, 10x adjustable drip irrigation tip, 10x adjustable sprinkler tip, and accessories (including connectors, T-junctions, etc.)
